Arman Ashraf

Full-Stack AI Engineer | Python Developer

03021636805 | armanashraf015@gmail.com | linkedin.com/in/arman-ashraf | Portfolio | Lahore, Muslim Town

Summary

Performance-driven Full-Stack AI Engineer with experience building scalable web and AI-powered applications using Python, FastAPI, React, Next.js, and PostgreSQL. Skilled in developing REST APIs, responsive UIs, AI integrations, and high-performance applications using asynchronous programming, with a Strong foundation in software engineering, object-oriented programming, and problem-solving, with a passion for building reliable, high-quality software in collaborative environments.

Education

University of Management and Technology Jul 2023 – Jan 2025 | Lahore
Diploma in Agentic AI Engineering

University of Gujrat Nov 2018 – Feb 2023 | Sialkot
Bachelor of Science in Information Technology

Experience

Full-Stack Developer, FleekSoft Jan 2025 – Feb 2026 | Sialkot
- Developed full-stack applications using Next.js, Tailwind CSS, and FastAPI
- Designed and integrated REST APIs for seamless frontend-backend communication
- Built responsive and reusable UI components, increasing development efficiency by 25%
- Optimized PostgreSQL queries, improving performance by 30%+

AI Full-Stack Developer, Freelance Sep 2023 – Apr 2026 | Remote
- Built applications using Next.js, Tailwind CSS, FastAPI, and Python.
- Developed end-to-end workflows connecting frontend interfaces with AI-powered backends.
- Integrated LLM-based systems (RAG pipelines, OpenAI APIs)
- Implemented database operations and backend logic with PostgreSQL and Python.
- Managed deployment using Docker and ensured consistent application performance.

Front-End Developer Intern, TechnoSoft Jun 2023 – Aug 2023 | Sialkot
- Developed responsive web interfaces using HTML, CSS, JavaScript
- Built reusable UI components using Bootstrap
- Tested and debugged applications for performance and cross-browser compatibility

Projects

AI-Powered E-Commerce Platform ↗, NextJS, FastAPI, OpenAI API, Docker
- Developed a full-stack AI-powered e-commerce platform featuring a multi-agent chatbot for customer support, order tracking, product recommendations, and complaint management.
- Implemented visual product search using image embeddings and vector similarity search to find visually similar products.
- Built a natural language recommendation engine and a RAG-based assistant to answer company-specific queries.
- Designed scalable REST APIs with FastAPI and integrated PostgreSQL for order and customer data management.

Agentic AI Video Generator ↗, OpenAI Agents SDK, MoviePy, Google Gemini
- Built an autonomous AI platform that generates complete YouTube Shorts from a user-provided story prompt.
- Designed a modular agent workflow for story generation, image prompt creation, narration, sound design, subtitle generation, and video composition.
- Integrated AI-generated images, text-to-speech, cinematic transitions, subtitles, and synchronized sound effects into a single automated pipeline.

AI Live Interviewer ↗, NextJS, WebSocket, PostgreSQL
- Developed a real-time AI interview platform that generates technical and behavioral interview questions based on user profiles.
- Implemented adaptive interview flows with configurable practice and assessment modes.
- Generated detailed performance reports with scoring, feedback, and personalized improvement recommendations.
- Enabled export of interview reports in PDF and Markdown formats.

Technical Skills

Languages: Python, TypeScript, JavaScript (ES6+), SQL

Frontend Development: React, Next.js, Tailwind CSS, Shadcn/UI, React Hook Form, Zod

Backend Development: FastAPI, RESTful API Design, Pydantic, AsyncIO, MVC Architecture, API Integration, PostgreSQL

AI & Python: OpenAI Agents SDK, LangGraph, RAG, Prompt Engineering, NumPy, Pandas, BeautifulSoup, Matplotlib, Seaborn

Tools & Software Engineering: Git, GitHub, Docker, Vercel, pytest, Unit Testing, Debugging, Code Reviews, Clean Code

Core Skills: Data Structures & Algorithms, Object-Oriented Programming (OOP), Problem Solving, Fast Learner, Continuous Learning

Certificates

- Meta Front-End Specialization. ↗
- Google Advanced Data Analytics Certificate ↗
- Prompt Engineering for Developers ↗
- Python for Everybody Specialization ↗
- Artificial Intelligence (Robotics) ↗
- Mathematics for Machine Learning ↗

Awards

Silver Medal, Govt. Murray Graduate College Sialkot
Awarded the Silver Medal and Certificate of Excellence for securing 2nd position in the BS program, recognizing outstanding academic performance and dedication.
